WORKING FOR THE FUTURE

### About REMONDIS Australia

Established locally in 1982, REMONDIS Australia is part of one of the largest recycling, service and water companies in the world.

As a family-run company and a leader in the delivery of environmental solutions, REMONDIS Australia has around 1,200 employees and 580+ vehicles operating from our advanced facilities across Australia.

As one of Australia's leading recycling and waste management companies, we leverage our local knowledge and global expertise to serve more than 24,000 industrial and commercial customers throughout the country.

By sharing our knowledge and expertise, diverting waste from landfills and supporting responsible waste management practices, we believe we can work together to bring the vision of a sustainable Australia closer to reality.

WORKING FOR THE FUTURE

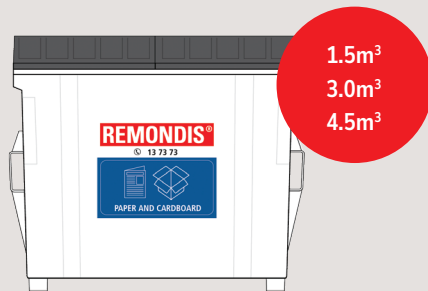

## Bin sizes

Because no one size fits all, we offer a comprehensive range of lightweight, easy-to-move, lockable bins of varying capacity. We can help you select size and collection frequency based on your waste types, storage space and vehicle access. For larger volumes, we can supply compactors from 6 to 30 cubic metres.

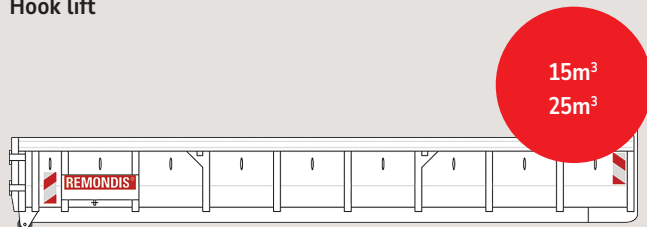

### Plastic wheelie bins

### Steel bin

### Hook lift

## Why choose REMONDIS?

When it comes to managing your waste, REMONDIS is the regional partner you can trust. We'll make it easy for you by reliably delivering the services your business needs, on time and on budget.

A local team backed by a big global business, so you can trust us to get the job done

Our customers love our reliability – we'll collect your bins on time, every time

Our friendly, Wollongong-based Customer Service team is second to none

Keep things simple by consolidating multiple waste and recycling services with REMONDIS, billed on one invoice

You'll have access to the industry's leading waste management portal – order services or view reports, 24/7 online

## Complex wastes

Our colleagues at Environmental Treatment Solutions (ETS) provide specialised waste management services for hazardous and chemical waste, contaminated soil, and packaged goods – operating locally from our licensed facility in NSW. Ask us about our solutions for regulated, hazardous and packaged wastes.

## Industry-leading online Client Portal

Our clients have access to the industry's leading waste management portal, offering unprecedented visibility of your waste and recycling services. View past and future services, request a booking, view operational and environmental data, and view and pay invoices, 24/7 online on desktop or mobile app.

## How we support our customers

- \_ Tailored waste audits
- \_ Recycling education
- \_ Environmental impact monitoring and reporting
- \_ Full compliance with regulations and legislation
